## EUSTAQUIO PADILLA ON TRIAL.

Much Time Consumed in Arguing Question As to Admissibility of Evidence Showing Efforts to Conceal Crime.

The trial of the case of the Territory vs. Eustaquio Padilla, charged with the murder of Faustín Ortiz in the spring of 1900, continues in progress in the Territorial District court with the usual large attendance of interested spectators.

As previously stated in the New Mexican the prosecution offered, on Saturday, to prove by the testimony of Altargracia Ortiz, mother of the murdered man, Roberto Stanfield, Anderson Chapell and others, that Juan Ortiz y Rodriguez and Juan Pablo Dominguez, both now dead, who are named in the confession of Jose Amado Martinez as the associates of the defendant, Padilla, in the killing of Faustín Ortiz, made vigorous efforts to remove blood and other evidences of crime from the office of Rodriguez, where the murder is alleged to have been committed.

The testimony of the mother of the murdered man, as offered by the territory, was to the effect that, about 5 o'clock on the Monday morning after the crime had been committed, in hunting for her son, she went to the justice of the peace office of Rodriguez on Water street, and there found Rodriguez and Juan Pablo Dominguez washing blood stains from the floor.

By Stanfield the prosecution sought to show that 24 days after the body of the murdered man was found, or 32 days after the killing, he was employed to remove bloody evidences of crime from the vault connected with the office of Rodriguez. Most of Saturday and part of this forenoon were devoted to argument of the question raised by the defendant's attorneys as to the admissibility of this evidence. District Attorney Crist and Mr. R. E. Twitchell strenuously contending that it should be admitted and Messrs. Larrazolo and Money stoutly resisting for the defendant.

At first Chief Justice Smith ruled that all of the proffered testimony should be excluded as too remote and also being in conflict with other evidence of the territory. Finally, however, he consented to permit the prosecution to prove efforts to remove evidences of crime from the office of Rodriguez without naming the persons alleged to have done so.

Attorney Larrazolo said that the defense objected to the admissibility of any of the testimony indicated, but, if any part of it was admitted, preferred that the names should be given.

The alleged conflict between the story of Altargracia Ortiz and the confession of Jose Amado Martinez grows out of the fact that Martinez says he noticed that the floor of Rodriguez's office was wet on the Sunday afternoon after the murder was committed, but he then saw no blood. Whereas Mrs. Ortiz says she saw blood stains on the floor of the office named on the ensuing Monday morning. Anderson Chapell was then called to the witness stand, and testified that, as he passed the office of Rodriguez, on the Sunday morning after the murder, he noticed two persons engaged in sweeping water out of the office with brooms. The court then took a recess until 2 p. m.

## CHARGED WITH ARSON.

Three Boys, Accused of House Burning, Arrested at La Luz—Railroad News.

Special Correspondence New Mexican.

La Luz, N. M., Jan. 30, 1898. — John and Jeff Gould, sons of James Gould, living out on the Sacramento river, were arrested a few days ago by Deputy Sheriff John Meadows on a charge of arson. Last fall James Gould's house was burned during the absence of the family. The Goulds are accused of starting the fire and gave bonds for their appearance in court. Their ages are but 15 and 14 years.

The El Paso and Northeastern railroad is established about four miles below La Luz and is making steady progress. All indications here are that the railroad will run through this town and will be here by April 1.

Many persons have located here within the last few weeks and at the present rate the Sacramento district will soon double its present population.

The Eddy brothers have been buying up property and securing options on land and water rights in this vicinity. In fact they are said to have already bought the entire townsite.

A pipe line is being run through the La Luz canon to the creek to carry the water from the creek down.

## Economy in Buying Seeds.

Economy is not paying less money for a thing than you expected to pay. True economy is good management, and about the worst management a farmer can be guilty of is to buy cheap seeds and thus cut the value of his crops in half—or worse. A stream cannot flow higher than its source, and a crop cannot be any better than its seed. Real seed economy is buying seeds that bear the stamp of a house that is known to be reliable; then the planter is absolutely sure that he gets what he wants, and what he pays for. In every part of the country dealers sell the absolutely reliable seeds of D. M. Perry & Co., of Detroit, Mich., which have given uniform good results for the last 42 years. Perry's Illustrated Seed Annual for 1898, containing information that no farmer or gardener can afford to be without, will be sent free to anyone making application to the firm.

## TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

## Interesting Experience of An Indianapolis Gentleman.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicine and spring remedies; the real seat of the mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach, so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others the bowels are constipated; with headaches; still others are troubled with loss of flesh and appetite, with accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better and am better in every way. The above is written not for notoriety, but is based on actual fact." Respectfully yours,

A. W. Sharper.

61 Prospect St., Indianapolis, Ind. It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of stomach, or cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

Send for valuable little book on stomach diseases by addressing Stuart Co., Marshall, Mich.
